

## Meeting Attendance Verification, APICS East Tennessee Chapter

### EVENT:

Book Review PDM Notes from July 29th meeting

We played 9 holes of golf and discuss Jim Collins book "Good to Great." Gerald Page, CPIM is put together the golfing event for us at Dead Horse. We developed a set of study notes for the book, [attached here](#). As a group we played a 56 on the 9-holes and we all had some challenges with all of deadhorses water hazards.

### Study Questions:

- The discussion should center around what gives the best yield for process improvements and sustaining those improvements such as technical solutions or cultural acceptance?
- What sets the companies that had sustained growth/outstanding performance apart from the crowd?
- Also discuss the role of leadership and where focus should be placed in determining what processes to Lean out?

### Continuing Education (CE) Points: Attendee 4 and Host 8 points

### Members in attendance of event and have earned CE credit:

Chris Duckworth

Robin Clark

Shane Ferguson

Host: Gerald Page
